EVOLUTIONDANCE

The Evolution will be Embodied Bay Area: Tuesday, Nov 9, 7:30-10:30pm

Move, dance, play and fully experience the energy and synergy of our co-creative potential!

In EvolutionDance, you're artfully guided by UZAZU Founder Dylan Newcomb through an improvised, collaborative process of eight stages of human evolution, resulting in a radically raw, magical, powerful, co-operative, creative, harmonizing, evolutionary, and timeless sense of your body-mind-spirit!

All types, shapes and levels of movers and shakers are invited!
That means you!
